Orgyen Khandro Norlha

Empowerment and Treasure Vase Consecration

Lama Sonam Tsering Rinpoche is a Nyingmapa master with a khenpo degree in the tradition of Tibetan Buddhism. He is the spiritual director of Vajrayana Foundation in the Santa Cruz Mountains. His treasure of wisdom and vast knowledge of liturgy, ritual, and art is a precious jewel. He is a devout practitioner with boundless energy, which he ceaselessly and joyfully applies for the benefit of all beings.

Khandro Norlha, “lama of all Dzambhalas”, is Guru Rinpoche manifesting as the deity of wealth for the benefit of beings suffering from poverty and decline. The empowerment and practice are effective for increasing ‘yang’ or anything of value in our lives, such as success in business, material prosperity, good health, environmental balance, and spiritual wealth.
